

Read your way through FLCPL's Prehistoric Nature Preserve! What dinosaurs will you encounter on your trek? Cross off a circle for each hour of reading! That's 4 hours of reading each week for 7 weeks. You've finished a week each time you reach a new dinosaur site! That's some fantastic reading! Once you finish all 7 weeks, bring your tracking sheet to the library to be entered for GRAND prizes at the end of summer!
